Notes:

- Prior to 2011, the CFL has not included Sam Etcheverry's passing totals for 1952-53 as they were compiled but went unpublished by the IRFU. However this data has long been a part of Montreal club records and is verifiable from a great number of sources as to its accuracy. To leave this data out of the CFL record book does a disservice to Mr. Etcheverry and those players who played in the East in the 1950-1953 period as their contributions to the Canadian game and career statistics are as valuable as any player then or now. Therefore, the numbers used above and in other parts of this book recognize real events with likely as much accuracy as any CFL year's data.
- The original listed league passing yardage total for Sam Etcheverry was 25,582 yards for the 1954 to 1960 seasons. His actual career total including 1952 and 1953 (as recorded in many Montreal guides and other sources over the years) is 30,435 yards.
